TO WHOM IT MAY CONCERN:

As a coordinator at CBS Broadcasting Inc., responsible for arranging training courses for a large technical staff, I have had occasion to know and work with Mr Barry Connick in his professional capacity at Thomson / Grass Valley Group Training for nearly five years. Barry has always been most courteous, unfailingly helpful, and a knowledgeable administrator, and I am pleased to vouch for his professional integrity.

As he moves on to a new position, I wish him the best of luck.

Sincerely yours,

Frank Ventrola  
COORDINATOR / TECHNICAL & PRODUCTION OPERATIONS
